County Court Awards Contract to C. A. Smith.

APPROPRIATED A SMALL SUM

But Syndicate Will Add Thousands—Excavating For New Pottery to Start Within 10 Days—Real Estate News—A Day's Happenings In Chester.

It is proposed to build a new bridge over Marks' run and the county court has held a special session to consider the matter. The court appointed a body to view the site of the proposed bridge, and this was done Tuesday. The court is of the opinion that the construction of a bridge is necessary for the safety and convenience of the public, and decided to expend \$225 toward it. It is stated the company which purchased the Marks farm will add a sum to that appropriated by the county and a bridge to cost \$4,000 or \$5,000 will be built. It will be large enough for a street car track and vehicles and foot passengers. The court awarded the contract for the bridge to C. A. Smith for \$225, and the pottery company will expend as much money on the structure as they deem necessary. The bridge is to be located by the court, and will not be taken off the hands of the contractor or paid for until satisfactory to the court.

firm has made over 25 sales. Yesterday
Jacob Will, Daniel Burns, John Thomas
and A. A. George, retired business men
of New Kensington, Pa., purchased six
lots in the mill tract. The price of all
Chester lots has increased wonderfully
within the last year, and those who got
in on the ground floor have made money.

NELSON IS DYING.

An Aged Hookstown Farmer Injured Last
Spring Cannot Recover.

Word was received in Chester yester-
day that John Nelson, of Hookstown,
who fell and broke his thigh last spring,
is lying at the point of death. He re-
covered from his injuries sufficiently to
be out again, when he was attacked by
stomach trouble. Early in the week it
was thought he would recover.

Will Go East.

Robt. Hobbs, of Fairview, has taken
a position with a cracker firm in Phila-
delphia and will leave for that place
next Monday.

Teamsters Pay Increased.

The pay of teamsters about the Grant

district has been increased from \$3.75 to
\$4.00 a day. The owners are receiving
from \$1.50 to \$1.75, and in some cases
the men are receiving \$2.00 a day.
Higher wages are now paid for labor in
Hancock county than ever before.

Will Sell Lots Again.

James Ewing and James Holliday, of
Irondale, purchased several lots in
Chester during the week. Most
of the land now being bought is for in-

Slow Work Being Done.

The work of building the big stone
arch or culvert by the railroad company
near the mouth of Tomlinson's run, just
above Moscow station, is progressing
slowly.

PLAIN TO ALL.

Republican speakers and writers find this the most trying campaign in years. There is absolutely nothing new to say; there is nothing to add to what the people already know; the personal experience of everyone makes Republican argument superfluous. Nothing that could be said by the most eloquent orator, or written by the most convincing writer, could equal the eloquence or convincing power of the everyday experience of the people who have passed from Democratic poverty to Republican prosperity

RIGHT HERE AT HOME.

In his recent speech in this city Mr. Powderly dwelt with emphasis upon the expansion "right here at home" in the United States—the expansion of business, commerce and industry that has followed upon Republican policies. He might have brought it still closer and referred to the expansion "right here at home" in East Liverpool—an expansion in trade, manufacturing, territory, population and wealth that bids fair to make this city the marvel of the upper Ohio valley.

THE LECTURE.

John Temple Graves said very many very good things at the Grand last night, in the presence of a splendid audience. Complaint is made that those in the rear seats and in the gallery failed to catch many points of the lecture on account of the low tone in which it was delivered. Some critics assert that there was entirely too much listlessness and mere "recitation" on the part of the lecturer, while others assert that there was too much "treacle" in his talk.

Graves very warmly commended McKinley and Bryan, Grant and Lee, distributing his favors with an impartial hand. But he scored the demagogue with bitter and scornful and truthful words, painting the ward politician and average councilman and office seeker in colors true to life, making one believe that he was fully posted as to the modus operandi of conducting primaries in Columbiana county, and especially in East Liverpool, and that he had been made acquainted with the fact that the political demagogue, of the very worst stripe and character, is exceedingly numerous in this neck of the woods.

RIGHT HERE AT HOME.

In his recent speech in this city Mr. Powderly dwelt with emphasis upon the expansion "right here at home" in the United States--the expansion of business, commerce and industry that has followed upon Republican policies. He might have brought it still closer and referred to the expansion "right here at home" in East Liverpool--an expansion in trade, manufacturing, territory, population and wealth that bids fair to make this city the marvel of the upper Ohio valley.

THE LECTURE.

John Temple Graves said very many very good things at the Grand last night, in the presence of a splendid audience. Complaint is made that those in the rear seats and in the gallery failed to catch many points of the lecture on account of the low tone in which it was delivered. Some critics assert that there was entirely too much listlessness and mere "recitation" on the part of the lecturer, while others assert that there was too much "treacle" in his talk.

Graves very warmly commended McKinley and Bryan, Grant and Lee, distributing his favors with an impartial hand. But he scored the demagogue with bitter and scornful and truthful words, painting the ward politician and average councilman and office seeker in colors true to life, making one believe that he was fully posted as to the modus operandi of conducting primaries in Columbiana county, and especially in East Liverpool, and that he had been made acquainted with the fact that the political demagogue, of the very worst stripe and character, is exceedingly numerous in this neck of the woods.

By agreement the motion will be argued in the council chamber, Wellsville, either Monday evening or Tuesday morning and Judge Smith will come to Lisbon to dispose of the motion Wednesday.

AT BULGER'S.

Have You Visited the Pharmacy and Seen the Cash Register?

If not, then you have missed a treat, as the invention simply surpasses belief. As one astute citizen said this morning, after having its merits explained to him by Mr. Bulger:

"Say, Alvin, some fellow must have been in a dream and have been given the gift of inspiration, when he invented that machine."

The writer had the pleasure of having the register worked and described to him this morning, and the record it makes is simply wonderful. It must be seen and thoroughly explained in detail in order to be fully appreciated. It talks, through the medium of printing, and does almost everything but make use of stenography and wait upon customers.

THE EAST END.

THE OLDEST CEMETERY

Where Residence of T. F. Anderson Now Stands.

JOHN BABB IS BURIED THERE

Several Families Using Wood During the Scarcity of Coal—Motormen Received Their First Pay Since the Increase Was Granted—Aid Society Held a Meeting.

George D. McKinnon, of Mulberry street, was in reminiscent mood yesterday afternoon and recalled the fact that the oldest burial ground in Liverpool was located in East End and at present is owned by the Knowles, Taylor & Anderson company. The residence of T. F. Anderson is built on a part of the ground and also a portion of the tracks leading to the clay mine and the engine room. The last interment made in the grounds was Mr. McKinnon's grandmother, Mrs. Babb, buried beside her husband, who owned the island bearing that name. Mrs. Babb was buried there in 1863. The exact date of Mr. Babb's burial could not be given. The ground was originally owned by a man named Emsley. Among others known to be buried in the plot are three children of Fred Easenhood.

USING WOOD.

No One Can Tell When the Coal Famine Will End.

The coal famine is still on in this part of the city and no immediate relief is in sight. Several dealers have been notified that coal has been received in the Wellsville yards for them but no one can tell when it will be brought to East End. Several families are using wood, being unable to get coal even from the city.

FIRST INCREASE.

Motormen Received More Money Yesterday Than Last Week.

The motormen of the street railway company received their first pay since the company granted the increase yesterday afternoon. The boys received from \$1.20 to \$1.60 of an increase over their former wages.

Making a Deep Cut.

The taking of earth from the hill at the old loop to fill in the washout on the street car line is causing quite a deep cut to be made in the hill. It will be late in November before the work is completed.

Society Meeting.

The Ladies' Aid society of the Second M. E. church, held an important business meeting in the lecture room of the church yesterday afternoon.

The Bell Was Broken.

The electric bell at the Mulberry crossing would not sound yesterday and this morning the necessary repairs were made.

A New House.

Mrs. Thompson has commenced the erection of a six room frame dwelling in Helena. Work was started this morning.

THE NEWS REVIEW

THE EAST END.

THE OLDEST CEMETERY

Where Residence of T. F. Anderson Now Stands.

JOHN BABB IS BURIED THERE

Several Families Using Wood During the Scarcity of Coal—Motormen Received Their First Pay Since the Increase Was Granted—Aid Society Held a Meeting.

George D. McKinnon, of Mulberry street, was in reminiscent mood yesterday afternoon and recalled the fact that the oldest burial ground in Liverpool was located in East End and at present is owned by the Knowles, Taylor & Anderson company. The residence of T. F. Anderson is built on a part of the ground and also a portion of the tracks leading to the clay mine and the engine room. The last interment made in the grounds was Mr. McKinnon's grandmother, Mrs. Babb, buried beside her husband, who owned the island bearing that name. Mrs. Babb was buried there in 1863. The exact date of Mr. Babb's burial could not be given. The ground was originally owned by a man named Emsley. Among others known to be buried in the plot are three children of Fred Easenhoo.

USING WOOD.

No One Can Tell When the Coal Famine Will End.

The coal famine is still on in this part of the city and no immediate relief is in sight. Several dealers have been notified that coal has been received in the Wellsville yards for them but no one can tell when it will be brought to East End. Several families are using wood, being unable to get coal even from the city.

FIRST INCREASE.

Motormen Received More Money Yesterday Than Last Week.

The motormen of the street railway company received their first pay since the company granted the increase yesterday afternoon. The boys received from \$1.20 to \$1.60 of an increase over their former wages.

Making a Deep Cut.

The taking of earth from the hill at the old loop to fill in the washout on the street car line is causing quite a deep cut to be made in the hill. It will be late in November before the work is completed.

Society Meeting.

The Ladies' Aid society of the Second M. E. church, held an important business meeting in the lecture room of the church yesterday afternoon.

The Bell Was Broken.

The electric bell at the Mulberry crossing would not sound yesterday and this morning the necessary repairs were made.

Combination Furniture and Canning Factories

WANT TO LOCATE IN THIS CITY

The Furniture Factory Company Wants Some Stock For Their Patents and the Canning Factory People Would Like to Build a Concern Here.

They don't want any bonus, but all they ask is that a company be formed on the co-operative plan and they get to build the factory. Their communication indicates that the concern might be a gold mine and shows how 25 per cent can be made on an investment of \$10,000.

VIEWED THE NEW PARK

Council Went Over the Boulevards Yesterday.

BOULEVARDS WERE TRAVERSED

From One End to the Other and Council Was Well Pleased—Pennsylvania Avenue Will Be Improved and \$1,000 Will Be Expended.

Council yesterday afternoon viewed the park presented to the city by Prof. W. L. Thompson.

The viewing party consisted of Prof. W. L. Thompson, F. D. Kitchel, Engineer George, Solicitor McGarry, S. R. Dixon, M. Anderson and Councilmen Peach, Smith, Cain, McHenry and Ashbaugh. They drove out Calcutta road and turned in at the new boulevard a short distance on this side of the summer residence of Prof. W. L. Thompson.

It is the intention to place the main gateway to the park at the dividing line between the Thompson land and the Coburn farm, but an 80 foot boulevard will be provided through the Thompson land. The party drove through the park and followed the course of the boulevard to the Dixon homestead. Through the Dixon land a boulevard of 80 feet will be donated and the party followed it, coming out at Columbian park. Another entrance can be made here, and the course will make a splendid drive either way. Professor Thompson will grade his boulevards and put them in splendid condition, but Mr. Dixon has not yet signified that he would follow suit. At the next meeting of council the question of whether council will accept the gift will be decided.

PENNSYLVANIA AVENUE

Was Viewed and Council Decided on Some Needed Improvements.

Council returned home along Pennsylvania avenue and gave the street a thorough inspection. They decided to continue the grading of the avenue and make a passable road out of it. They will spend in the neighborhood of \$1,000 on the road and the work will be done this fall.

West Market street was also viewed, and while council will not grant the petition of the residents above Norton street to grade West Market street to the width of 50 feet, yet enough work will be done on the street to give the people a good, passable road.

County Court Awards Contract
to C. A. Smith.

APPROPRIATED A SMALL SUM

But Syndicate Will Add Thousands—Excavating For New Pottery to Start Within 10 Days—Real Estate News—A Day's Happenings In Chester.

It is proposed to build a new bridge over Marks' run and the county court has held a special session to consider the matter. The court appointed a body to view the site of the proposed bridge, and this was done Tuesday. The court is of the opinion that the construction of a bridge is necessary for the safety and convenience of the public, and decided to expend \$225 toward it. It is stated the company which purchased the Marks farm will add a sum to that appropriated by the county and a bridge to cost \$4,000 or \$5,000 will be built. It will be large enough for a street car track and vehicles and foot passengers. The court awarded the contract for the bridge to C. A. Smith for \$225, and the pottery company will expend as much money on the structure as they deem necessary. The bridge is to be located by the court, and will not be taken off the hands of the contractor or paid for until satisfactory to the court.

SOMETHING LIKE.

If a few more saloonkeepers who violate the law were given the same dose administered to Howalt, \$400 and 40 days in the county jail, lawbreaking would be less profitable for liquor dealers and the community would be so much improved.

THE editor of the Buckeye State became so used to declaring things unconstitutional when he was a Democrat that he cannot conquer the habit. He has now handed down a decision declaring that if Judge Smith dares to accommodate the people of the southern end of the county by holding a week of

PLAIN TO ALL.

Republican speakers and writers find this the most trying campaign in years. There is absolutely nothing new to say; there is nothing to add to what the people already know; the personal experience of everyone makes Republican argument superfluous. Nothing that could be said by the most eloquent orator, or written by the most convincing writer, could equal the eloquence or convincing power of the everyday experience of the people who have passed from Democratic poverty to Republican prosperity.

RIGHT HERE AT HOME.

In his recent speech in this city Mr. Powderly dwelt with emphasis upon the expansion "right here at home" in the United States—the expansion of business, commerce and industry that has followed upon Republican policies. He might have brought it still closer and referred to the expansion "right here at home" in East Liverpool—an expansion in trade, manufacturing, territory, population and wealth that bids fair to make this city the marvel of the upper Ohio valley.

THE LECTURE.

John Temple Graves said very many very good things at the Grand last night, in the presence of a splendid audience. Complaint is made that those in the rear seats and in the gallery failed to catch many points of the lecture on account of the low tone in which it was delivered. Some critics assert that there was entirely too much listlessness and mere "recitation" on the part of the lecturer, while others assert that there was too much "treacle" in his talk.

Graves very warmly commended McKinley and Bryan, Grant and Lee, distributing his favors with an impartial hand. But he scored the demagogue with bitter and scornful and truthful words, painting the ward politician and average councilman and office seeker in colors true to life, making one believe that he was fully posted as to the modus operandi of conducting primaries in Columbiana county, and especially in East Liverpool, and that he had been made acquainted with the fact that the political demagogue, of the very worst stripe and character, is exceedingly numerous in this neck of the woods.

Will Be the Argument For New Trial In Croxall's Case.

DECISION EXPECTED WEDNESDAY

Motions For New Trials In the Cases of Forest M. Gray and Mrs. Clark Will Also Be Disposed of at the Same Time--Croxall's Attorney Asked More Time.

LISBON, Oct. 27.--[Special]--The motion for a new trial in the case of Newton Croxall, convicted of the Shaffer holdup, was not argued yesterday afternoon as was expected, the defendant's attorney desiring more time to get affidavits. By agreement the motion will be argued in the council chamber, Wellsville, either Monday evening or Tuesday morning and Judge Smith will come to Lisbon to dispose of the motion Wednesday.

It is likely the motion for new trials in the cases of Forest M. Gray and Mrs. Clark will be disposed of at that time also.

AT BULGER'S.

Have You Visited the Pharmacy and Seen the Cash Register?

If not, then you have missed a treat, as the invention simply surpasses belief. As one astute citizen said this morning, after having its merits explained to him by Mr. Bulger:

"Say, Alvin, some fellow must have been in a dream and have been given the gift of inspiration, when he invented that machine."

The writer had the pleasure of having the register worked and described to him this morning, and the record it makes is simply wonderful. It must be seen and thoroughly explained in detail in order to be fully appreciated. It talks, through the medium of printing, and does almost everything but make use of stenography and wait upon customers.

EAGLE HARDWARE CO.

A Fine New Department Added to This Superb Establishment.

The Eagle Hardware company is determined that their fine hardware establishment shall stand unequalled in all this section of the Buckeye state. Department upon department has been added to the business within the past two years, until the trade thereof, wholesale and retail, has assumed mammoth proportions.

And now comes another stride in the race of progress and prosperity in the enlargement and improvement of the department devoted to cutlery and silver ware, sterling and plated goods, the energetic and pushing proprietors being determined that their patrons can purchase, at reasonable figures, the very best goods manufactured in either home or foreign markets.

Entering the handsome first floor of the elegant storeroom the visitor will note that the new department occupies a central position. Mrs. Jessie Potts, well and favorably known in this community, has charge, and she will take special delight and pleasure in exhibiting the fine goods entrusted to her care. The cutlery and silver ware are exhibited in handsome plate glass show cases, the case facing the front being a beauty in design and finish, the latest thing out, with marble base and all modern attachments.

The public at large has a cordial invitation to call and inspect this new feature connected with the Eagle Hardware company, and the courteous sales-lady will do her utmost to cater to the wants and wishes of patrons.

To those who have not made a thorough inspection of the various departments of the Eagle Hardware company, the writer will simply say that you have missed a genuine treat, as the rooms devoted to art tile, superb mantels of every description, electrical apparatus and supplies, and house furnishings in general are well worthy the critical inspection of the most fastidious. East Liverpool may well be proud of all such establishments as the Eagle Hardware company.

THE EAST END.

THE OLDEST CEMETERY

Where Residence of T. F. Anderson Now Stands.

JOHN BABB IS BURIED THERE

Several Families Using Wood During the Scarcity of Coal—Motormen Received Their First Pay Since the Increase Was Granted—Aid Society Held a Meeting.

George D. McKinnon, of Mulberry street, was in reminiscent mood yesterday afternoon and recalled the fact that the oldest burial ground in Liverpool was located in East End and at present is owned by the Knowles, Taylor & Anderson company. The residence of T. F. Anderson is built on a part of the ground and also a portion of the tracks leading to the clay mine and the engine room. The last interment made in the grounds was Mr. McKinnon's grandmother, Mrs. Babb, buried beside her husband, who owned the island bearing that name. Mrs. Babb was buried there in 1863. The exact date of Mr. Babb's burial could not be given. The ground was originally owned by a man named Emsley. Among others known to be buried in the plot are three children of Fred Easenhood.

USING WOOD.

No One Can Tell When the Coal Famine Will End.

The coal famine is still on in this part of the city and no immediate relief is in sight. Several dealers have been notified that coal has been received in the Wellsville yards for them but no one can tell when it will be brought to East End. Several families are using wood, being unable to get coal even from the city.

FIRST INCREASE.

Motormen Received More Money Yesterday Than Last Week.

The motormen of the street railway company received their first pay since the company granted the increase yesterday afternoon. The boys received from \$1.20 to \$1.60 of an increase over their former wages.

Making a Deep Cut.

The taking of earth from the hill at the old loop to fill in the washout on the street car line is causing quite a deep cut to be made in the hill. It will be late in November before the work is completed.

Society Meeting.

The Ladies' Aid society of the Second M. E. church, held an important business meeting in the lecture room of the church yesterday afternoon.

The Bell Was Broken.

The electric bell at the Mulberry crossing would not sound yesterday and this morning the necessary repairs were made.

A New House.

Mrs. Thompson has commenced the erection of a six room frame dwelling in Helana. Work was started this morning.

Oliver Vodrey is making some extensive repairs to his property on Elm street.

Repaired the Wires.

Yesterday afternoon all the telegraph wires along the railroad about East End were repaired.

WANT A LEASE.

Parties Would Like to Put Down Wells on Spring Grove Campground.

Should the people who are drilling on the Anwaeter farm strike oil or gas there is no doubt that holes will be put down on Spring Grove campground. Already an attempt has been made to secure leases on the ground but the stockholders prefer to await developments and will probably sink the wells themselves. A meeting of the stockholders will be called soon for the purpose of discussing the matter.
